The KvG GROUP launches the **Footlogix** Altima Heated Pedicure Chair to North America. The Footlogix Altima is a heated, fully reclining pedi-chair with a multi-function, space saving and sleek design that becomes a multi-function table, with a 90°-180° full power recline. The extendable, split leg format — with independently adjustable leg and knee supports — fits all clients. With anatomic upholstery, the one-touch “twin memory” control moves the chair to pre-set positions, and the multi-positional foot control reduces strain on technicians.

Mehaz Professional's Double-Sided Eyelash Applicator is made of stainless steel and has one side for strip lashes and the other for individual lashes.

The implement has a curved end that allows for easy application of strip lashes close to the natural lash. The pointed end securely grips individual lashes for accurate placement.

The **J&A** Lenox Pedicure spa combines the beauty of the glass bowl with the efficacy of a pipeless whirlpool system together with the comfort of full shiatsu massage chair to form the “couture” pedicure Spa — well suited for your day spa and salon. The Lenox Glass Bowl is made in the USA from the Glass Manufacturing Facility, whose expertise and experience span over 100 years.

Essie's new Brazilian Collection is inspired by the super-chic tropical nation of Brazil for this stunning array of six colorful shades. Bold oranges and hot, risqué pinks transport you to paradise with the stroke of a brush. Colors include Brazilian, Too Too Hot, Super Bossa Nova, Meet Me At Sunset, Smooth Sailing, and Absolutely Shore.
